Abstracts

Home insecticides continued to record growth in retail volume terms in 2023, continuing the pattern seen in the previous year. France experienced one of its hottest summers on record with the weather playing a key role in driving the demand for home insecticides with warm temperatures boosting the insect population. As such, the warm weather temperatures in France in 2023 favoured the spread of mosquitoes, flies, and other insects. Added to this, the bed bug invasion drew significant attention a...
