Abstracts

In 2023, home care in the Philippines underwent significant changes. The implementation of FDA Administrative Order No. 2019-019 led to a decrease in new brands entering the market due to stricter regulations, impacting the competition. However, the industry saw increases in retail volume and current value sales across all categories, driven by the higher disposable incomes of Filipinos and the return of tourists, despite the challenges of rising inflation. This economic boost allowed consumers...
