## Abstracts

In 2023, insecticide coils posted the fastest volume growth within home insecticides overall driven by increased demand for efficient mosquito repellents. Ukrainian consumers prioritise these coils for their effectiveness, long-lasting effects and convenient application. Consumers have been showing heightened awareness of health risks associated with insects, underscoring the importance of insect control in households and boosting volume sales growth.

Euromonitor International's Home Insecticides in Ukraine market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, packaging innovations, economic/lifestyle influences, distribution or pricing issues.
