Date: February 2024

Pages: 21

Price: US\$ 990.00 (Single User License)

ID: H8449F17870EN

Abstracts

In 2023, demand for home insecticides in the US declined overall compared to the previous year, although there was an increase in value growth, driven by price hikes implemented by players. Notably, national brands significantly raised prices, registering double-digit growth, as they attempted to counterbalance the decline in volumes. Conversely, private label opted against similar price adjustments, leading to negative value sales growth that failed to offset volume declines.

Euromonitor International's Home Insecticides in USA market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, packaging innovations, economic/lifestyle influences, distribution or pricing issues. Forecasts to 2028 illustrate how the market is set to change.

Product coverage: Electric Insecticides, Insecticide Baits, Insecticide Coils, Other Home Insecticides, Spray/Aerosol Insecticides.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?
