Abstracts

Demand for home laundry appliances is growing in 2023 following a marginal dip in retail volume sales the previous year. The category's performance is mainly attributed to a significant increase in demand for automatic dryers, while retail volume sales of automatic washing machines are falling, albeit remaining higher than pre-pandemic levels. Retail volume sales of automatic dryers were already experiencing double-digit growth rates prior to 2020, with the marginal drop in 2022 due to economic...
