Abstracts

Homewares in India maintained current value growth in 2023, although this was lower than seen in the previous two years, as sales had already recovered from the 2020 decline. Nevertheless, kitchenware continued to witness a surge in demand, particularly kitchen utensils, driven by shifts in lifestyle and consumer preference. With the adoption of hybrid work models and an increasing number of individuals spending more time at home, there has been a notable uptick in the number of meals being cons...
