Abstracts

Hot drinks is expected to register moderate constant value growth in 2023, though volume sales are expected to decline, driven by a poor performance in coffee. Continuing economic uncertainty as a result of Russia's invasion of Ukraine and high inflation is continuing to have an effect and consumers are expected to be highly price sensitive and prioritise value for money. Players are responding by offering discounts and promotions. That being said, inflation is easing in 2023. Geopolitical tensi...
