Abstracts

As a result of multiple demographic and lifestyle factors, consumers globally are bringing wellbeing in-house, turning to new technologies and trends in the health and wellness industry. This report will analyse why and how this is impacting the household, and what opportunities are arising for brands in this space as a result of wellbeing trends.

Strategy Briefings offer unique insight into emerging trends world-wide. Aimed squarely at strategists and planners, they draw on Euromonitor International's vast information resources to give top line insight across markets and within consumer segments. Written by some of our most experienced analysts, they are designed as provocations for senior management to use in their own forum, allowing them to stand back and reflect on the behaviour and motivation driving global markets today and tomorrow

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
