## Abstracts

Shifting demographics and consumer values are transforming how households view car ownership, while major mobility trends are in turn changing household behaviour. The Households and Mobility report will analyse how trends like growing single-person homes, population ageing, and fractured families impact mobility; and how growing mobility trends like car subscriptions, electric and autonomous vehicles are impacting households.

Strategy Briefings offer unique insight into emerging trends world-wide. Aimed squarely at strategists and planners, they draw on Euromonitor International's vast information resources to give top line insight across markets and within consumer segments. Written by some of our most experienced analysts, they are designed as provocations for senior management to use in their own forum, allowing them to stand back and reflect on the behaviour and motivation driving global markets today and tomorrow

**Data coverage:** market sizes (historic and forecasts), company shares, brand shares and distribution data.
