## Abstracts

Many pack types in hot drinks were recording declining unit volumes in 2022, and even for those that were still registering increases, such as aluminium/ plastic pouches, flexible paper or flexible aluminium/plastic, growth was slower than a year earlier. One exception was metal tins, which was the most dynamic pack type in 2022, with this being mainly driven by its increasing use in instant coffee. While metal tins are seen as helping preserve the quality and flavour of the product better than...
