Abstracts

With the emergence of digital technologies and growing e-commerce across consumer industries, the B2B sector is following suit demonstrating extensive change in how industries are functioning. Moreover, share of revenues from e-commerce is continuously growing across the sectors with developing economies leading in digitalised business revenues. The US, France, Canada, Germany and South Korea lead in revenues among the developed economies.

Strategy Briefings offer unique insight into emerging trends world-wide. Aimed squarely at strategists and planners, they draw on Euromonitor International's vast information resources to give top line insight across markets and within consumer segments. Written by some of our most experienced analysts, they are designed as provocations for senior management to use in their own forum, allowing them to stand back and reflect on the behaviour and motivation driving global markets today and tomorrow

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
