Abstracts

Nordic rapeseed oil is benefiting from being seen as a locally sourced superfood, boosting sales of domestic cooking oils. It is noteworthy that, as the global supply of sunflower oil suffered shortages in 2022, Finns increasingly turned to locally manufactured cooking oils, so that rapeseed oil sales soared. What is more, not only are Finns committed to supporting local farming and the domestic economy, but they also tend to trust the quality of domestic products and are well aware of the health...

Euromonitor International's HW Cooking Ingredients and Meals in Finland report tracks the developments of health-associated product types and the healthy-option positioning of competing brands across different food sectors. It provides the latest retail sales data 2018-2022, allowing you to compare health and wellness categories with each other or in the context of the total market for a sector. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market- be they new product developments, legislative context or lifestyle influences. Forecasts to 2027 illustrate how the market is set to change.
