Abstracts

NotCo, a Chilean start-up which uses artificial intelligence to mimic animal-derived products with plant ingredients, continued the expansion of its portfolio with the launch of NotCheese, a vegan cheese, at the end of 2022. The company also received another round of financial investment of USD70 million at around the same time of year. Its plan for expansion not only entails its product portfolio, but also further regional expansion. The strategy that NotCo applies seems to be very similar for...
