Abstracts

The growing demand for functional beverages was one of the most important trends for hot drinks in Germany in 2022. Coffee has benefited from this generally as an energising beverage, with elevated retail demand fuelled by some German consumers having invested in coffee machines during the pandemic, a habit that remains relevant as part of daily lives. High fibre hot drinks was another notable performer in 2022, also driven by its fortified/functional positioning as consumers looked to enhance t...

Euromonitor International's HW Hot Drinks in Germany report tracks the developments of health-associated product types and the healthy-option positioning of competing brands across different food sectors.
