## Abstracts

2022 saw the economic problems of 2021 intensify in Brazil. The emergency aid provided by the government, which favoured greater consumption by lower-income Brazilians, had already weakened by 2021, while limited support continued to be distributed with less frequency in 2022. Supply chain pressures, emerging from the pandemic and followed in early 2022 by the war in Ukraine, meant that many products were either difficult to find in stores, or suffered from rising prices, making them less desira...
