Abstracts

A wide range of health and wellness soft drinks categories recorded positive retail volume growth in 2022 as consumers prioritised various health and wellness attributes when purchasing soft drinks. The increased interest in improving one's diet to enhance wellbeing remains a major topic of discussion among the Austrian population and achieving better health and wellbeing outcomes has become an important goal in the lives of many local consumers. While the harsh realities of the COVID-19 pandemi...

Euromonitor International's HW Soft Drinks in Austria report tracks the developments of health-associated product types and the healthy-option positioning of competing brands across different food sectors. It provides the latest retail sales data 2018-2022, allowing you to compare health and wellness categories with each other or in the context of the total market for a sector. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market- be they new product developments, legislative context or lifestyle influences. Forecasts to 2027 illustrate how the market is set to change.
