Abstracts

The selection of functional soft drinks is growing in Finland and consumers are exhibiting great interest in products that offer added protein and an energy boost. Finns lead hectic and active lifestyles in the cold and dark Nordic climate, making them already amongst the biggest coffee consumers on the planet. Seeing energy boosting properties not only in energy drinks, but also in functional water and sports drinks has great novelty value. While the protein boom previously peaked in dairy, sof...

Euromonitor International's HW Soft Drinks in Finland report tracks the developments of health-associated product types and the healthy-option positioning of competing brands across different food sectors. It provides the latest retail sales data 2018-2022, allowing you to compare health and wellness categories with each other or in the context of the total market for a sector. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market- be they new product developments, legislative context or lifestyle influences.
