Abstracts

Functionality has been the defining trend within soft drinks in 2022, with products being fortified with ingredients such as vitamins and zinc. Post-pandemic trends have led consumers to look for improved nutrition to support their immune system and sustain their energy levels throughout the day. Functional bottled water was the best performing category in bottled water in 2022, exemplified by continued investment by companies. Coca-Cola continues to invest in its Deep RiverRock brand portfolio...

Euromonitor International's HW Soft Drinks in Ireland report tracks the developments of health-associated product types and the healthy-option positioning of competing brands across different food sectors. It provides the latest retail sales data 2019-2023, allowing you to compare health and wellness categories with each other or in the context of the total market for a sector. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market- be they new product developments, legislative context or lifestyle influences. Forecasts to 2028 illustrate how the market is set to change.
