Abstracts

The bottled water category is enjoying steady growth due to a new government tax that is being applied to sugary drinks. The imposition of the tax is encouraging many consumers to move away from the now expensive, sugary carbonated drinks towards bottled water and flavoured bottled water. While flavoured bottled water may not be as healthy as natural bottled water, many consumers do not enjoy the taste of bottled water. Flavoured bottled water offers them a convenient middle ground where they ca...

Euromonitor International's HW Soft Drinks in Israel report tracks the developments of health-associated product types and the healthy-option positioning of competing brands across different food sectors. It provides the latest retail sales data 2018-2022, allowing you to compare health and wellness categories with each other or in the context of the total market for a sector.
