## Abstracts

The review period saw the introduction of new regulations relating to the labelling of packaged food and soft drinks that promote greater transparency in terms of the nutritional content of these products. Regulation NOM-173, which entered into force in January 2023, states that nectars require a minimum of 25% juice content, puree and/or pulp to be labelled as nectars. With regards to fruit flavoured carbonates and other soft drinks, the new regulations require them to disclose the fruit conten...

Euromonitor International's HW Soft Drinks in Mexico report tracks the developments of health-associated product types and the healthy-option positioning of competing brands across different food sectors. It provides the latest retail sales data 2018-2022, allowing you to compare health and wellness categories with each other or in the context of the total market for a sector.
