Abstracts

2022 saw health and wellness soft drinks outperform the overall soft drinks industry in Switzerland as consumer awareness of the health benefits of consuming health and wellness products generally continued to increase. Numerous categories of health and wellness soft drinks recorded positive retail volume growth over the course of the year as enhanced interest in improving nutrition as a way of increasing wellbeing spurred demand across the board. As the influence of the COVID-19 pandemic contin...

Euromonitor International's HW Soft Drinks in Switzerland report tracks the developments of health-associated product types and the healthy-option positioning of competing brands across different food sectors. It provides the latest retail sales data 2018-2022, allowing you to compare health and wellness categories with each other or in the context of the total market for a sector. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market- be they new product developments, legislative context or lifestyle influences. Forecasts to 2027 illustrate how the market is set to change.
