Date: November 2023

Pages: 12

Price: US\$ 990.00 (Single User License)

ID: HB34DF717A2EEN

Abstracts

Awareness of healthy eating is rising in the country, especially the need to reduce sugar intake. For instance, in December 2019, the United Arab Emirates adopted an excise tax of 50% on beverages with high sugar or sweetener content to improve the nation's health, which also raised awareness of the need to cut the amount of sugar consumed in general. With greater health consciousness, more people are adopting healthy lifestyles through reducing their sugar intake; for instance, often preferring...

Euromonitor International's HW Staple Foods in United Arab Emirates report tracks the developments of health-associated product types and the healthy-option positioning of competing brands across different food sectors. It provides the latest retail sales data 2018-2022, allowing you to compare health and wellness categories with each other or in the context of the total market for a sector.
