Abstracts

Hypermarkets in the Philippines recorded positive growth in current value terms in 2023, albeit at a slower rate than the previous year. Sales were boosted an increase in mobility, which was evidenced by higher foot traffic in mall-based and standalone stores. Product assortments in hypermarkets are also much wider than in other grocery channels, such as supermarkets, with consumers limiting their shopping frequency having greater access to large packs of basic staples typically found in a Fi...

Euromonitor International's Hypermarkets in Philippines report offers insight into key trends and developments driving the industry. The report examines all retail channels to provide sector insight. Channels include hypermarkets, supermarkets, discounters, convenience stores, mixed retailers, health and beauty retailers, clothing and footwear retailers, furniture and furnishing stores, DIY and hardware stores, durable goods retailers, leisure and personal goods retailers.
