Abstracts

In the United Arab Emirates, folding cartons are the main pack type for tea, and this is expected to continue to be the case over the forecast period as well. This can be attributed to the fact that it is a sustainable pack type that preserves the product well and is easy to store and transport. However, in 2022, other pack types, particularly flexible plastic and other formats in flexible packaging, continued to gradually take share from folding cartons. The main reason for this shift is that t...
