Abstracts

Rolling blackouts (loadshedding) have persisted in 2023, averaging stage 4 for the year (at the time of writing this report), which means that consumers experience power cuts for three to four two-hour slots per day. As a result, consumers have cut their purchases of non-essential freezer items such as ice cream in order to avoid the possible spoilage of products. Furthermore, rising food prices, interest hikes, and overall rises in the cost of living have decreased consumers' food budgets, whic...
