Abstracts

The rapid advance of technology has led to a significant decline in the popularity of and demand for imaging devices, as they are gradually being replaced by smartphones. With their ever-improving camera capabilities, smartphones have become the first choice amongst consumers for capturing high-quality images and videos. The convenience, portability, and versatility of smartphones have revolutionised the way in which we document and share moments, rendering traditional imaging devices less essen...

Euromonitor International's Imaging Devices in Brazil report offers a comprehensive guide to the size and shape of the in-home, portable and in-car consumer electronics products markets at a national level. It provides the latest retail sales data, allowing you to identify the sectors driving growth.
