Abstracts

Imaging devices is suffering from high prices in the face of ongoing cannibalisation from smartphones. Indeed, the substitution with smartphones means that many Norwegian consumers see the purchase of a separate camera as superfluous. Therefore, digital camera retail volume sales are in sharp decline, serving mainly professional photographers and serious hobbyists who seek specific, high specifications which are beyond that of a smartphone. In this light, digital camera sales are increasingly be...

Euromonitor International's Imaging Devices in Norway report offers a comprehensive guide to the size and shape of the in-home, portable and in-car consumer electronics products markets at a national level. It provides the latest retail sales data, allowing you to identify the sectors driving growth.
