## Abstracts

Retail volume sales of imaging devices suffered a further decline in 2023, continuing the trend of the review period. This was due to the waning fortunes of digital cameras, which were severely challenged by continuous advancements in smartphone cameras. Consumers value smartphones' ease of use, on-the-go connectivity, incorporated access to photo-processing apps and many more advantages. The multifunctionality of smartphones is also a huge draw and allows consumers to easily carry around one de...
