Abstracts

Whilst the Coronavirus (COVID-19) pandemic is expected to impact nearly every industry, the damage wrought to the global consumer foodservice industry is projected to be especially severe, with social distancing regulations closing millions of restaurants globally. This report discusses the post-COVID-19 outlook for consumer foodservice, with a special focus on demand scenarios and long-term consumer shifts.

Euromonitor International's The Impact of Coronavirus on Consumer Foodservice global briefing offers an insight into to the size and shape of the Consumer Foodservice market, highlights buzz topics, emerging geographies, categories and trends as well as pressing industry issues and white spaces. It identifies the leading operators and brands, offers strategic analysis of key factors influencing the operating environment - be they economic/lifestyle influences, new foodservice concepts, outlet locations, menu innovation or format development. The entire industry is considered, including both chained and independent operators. Forecasts illustrate how the market is set to change and what is the criteria for success.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?

Get a detailed picture of the Consumer Foodservice market;

Pinpoint growth sectors and identify factors driving change;

Understand the competitive environment, the market's major players and leading brands;
