Abstracts

Whilst many of the leading packaged food manufacturers have achieved sales growth over the last five years, profits have not necessarily followed this trajectory. Some companies have underwhelmed with their performance. Achieving profit growth will become more difficult, due to a number of factors. This global briefing outlines some of the main issues that companies face in their quest for profit growth, and evaluates possible ways of countering these threats to their businesses.

Euromonitor International's In it for the Money? Declining Profit Margins in Packaged Food global briefing offers an insight into to the size and shape of the Packaged Food market, highlights buzz topics, emerging geographies, categories and trends and identifies the leading companies and brands. It also offers strategic analysis on driving packaged food industry trends like health and wellness, premiumisation, convenience and value-for-money and how those trends influence factors like new product developments, packaging innovations, retail distribution and retail pricing both historically and into the future.

Product coverage: Baby Food, Bakery, Canned/Preserved Food, Chilled Processed Food, Confectionery, Dairy, Dried Processed Food, Frozen Processed Food, Ice Cream, Impulse and Indulgence Products, Meal Replacement, Meal Solutions, Noodles, Nutrition/Staples, Oils and Fats, Pasta, Ready Meals, Sauces, Dressings and Condiments, Snack Bars, Soup, Spreads, Sweet and Savoury Snacks.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
