Abstracts

The very low awareness of the existence of specialised products among the population led to negligible demand in Pakistan in 2015.

Euromonitor International's Incontinence in Pakistan report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2011-2015, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market – be they new product developments, distribution or pricing issues. Forecasts to 2020 illustrate how the market is set to change.

Product coverage: Light Incontinence, Moderate/Heavy Incontinence.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?

Get a detailed picture of the Incontinence market;

Pinpoint growth sectors and identify factors driving change;

Understand the competitive environment, the market's major players and leading brands;

Use five-year forecasts to assess how the market is predicted to develop.
