## Abstracts

Indonesia and Thailand are the drivers of products and services consumption in South-east Asia. Both countries face different challenges/circumstances and infrastructure. Factors such as healthy ageing and the connected consumers megatrend are expected to continue driving growth. This insight hopes to understand the two countries' top-line performance, as well as highlighting the potential of important cities by 2030.

Strategy Briefings offer unique insight into emerging trends world-wide. Aimed squarely at strategists and planners, they draw on Euromonitor International's vast information resources to give top line insight across markets and within consumer segments. Written by some of our most experienced analysts, they are designed as provocations for senior management to use in their own forum, allowing them to stand back and reflect on the behaviour and motivation driving global markets today and tomorrow

**Data coverage:** market sizes (historic and forecasts), company shares, brand shares and distribution data.

### Why buy this report

Identify factors driving change now and in the future

Understand motivation

Forward-looking outlook

Briefings and presentation should provoke lively discussion at senior level

Take a step back from micro trends

Get up to date estimates and comment
