## Abstracts

In 2020, the turnover of the information and communications industry in Brazil contracted, owing to the weakening economic situation. The COVID-19 pandemic was the major risk factor during the year, exacerbating the already complicated situation in the country's ICT sector. Over recent years, the industry has felt the impact of the 2015-2016 economic crisis, while the country's telecommunications companies have struggled to boost revenue from the data business. In 2020, the pandemic hit the Braz...

Euromonitor International's Industrial reports provide a 360 degree view of an industry. The Industrial market report offers a comprehensive guide to the size and shape of the Information and Communications market at a national level. It provides the latest retail sales data, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, packaging innovations, economic/lifestyle influences, distribution or pricing issues. Forecasts illustrate how the market is set to change.
