Abstracts

Shoppers in India are becoming more seasoned in making purchases through both offline and online channels, and know when to switch from one to the other. The choice of channel depends on factors such as price, variety and convenience. Hence, to keep pace with customer demands, e-commerce players have devised sales events. In India, the period October to December is usually regarded as the main “festive season”, which consists of important festivals such as Dussehra and Diwali. The importance of...

Euromonitor International's Internet Retailing in India report offers insight into key trends and developments driving the industry. The report examines all retail channels to provide sector insight. Channels include hypermarkets, supermarkets, discounters, convenience stores, mixed retailers, health and beauty retailers, clothing and footwear retailers, furniture and furnishing stores, DIY and hardware stores, durable goods retailers, leisure and personal goods retailers. There are profiles of leading retailers, with analysis of their performance and the challenges they face. There is also analysis of non-store retailing: vending; homeshopping; internet retailing; direct selling, as available.
