Having suffered from the effects of the economic crisis (2008-2013), when households cut back on all types of unnecessary expenditure, irons continued to register positive retail volume sales growth in 2016. Nevertheless, retail volume growth was slower than in 2015, as demand showed maturity.

Euromonitor International's Irons in Spain report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2011-2015, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market – be they new product developments, format trends or distribution issues. Forecasts to 2020 illustrate how the market is set to change.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
