Abstracts

In 2023, total volume sales of juice are set to decrease compared with 2022. On-trade volume sales are expected to increase thanks to a continued rebound in demand as the legal status of COVID-19 was downgraded to Class 5 in May. However, off-trade volume sales are expected to see another year of decline in 2023, although sales are set to grow in current value terms. This has resulted from a decline in sales of large product sizes due to reduced demand for home consumption, combined with rising...
