## Abstracts

With socio-economic developments such as urbanisation, more single households and rising spending power many opportunities for growth lie ahead. Sweet snacks can be the solution to many needs in the eyes of consumers, which makes it a versatile and dynamic market. Beyond indulgence, sweet snacks are more often recognised as a meal solution which has huge potential for growth. Key to growth will be convincing consumers to consume sweet snacks at times they have not considered before.

Euromonitor International's Key Trends and Drivers in Global Sweet Snacks Consumption global briefing offers an insight into to the size and shape of the Packaged Food market, highlights buzz topics, emerging geographies, categories and trends and identifies the leading companies and brands. It also offers strategic analysis on driving packaged food industry trends like health and wellness, premiumisation, convenience and value-for-money and how those trends influence factors like new product developments, packaging innovations, retail distribution and retail pricing both historically and into the future.
