### **Abstracts**

Lamacom is not expected to become a top 10 player in consumer appliances during the forecast period, with the company's main focus being on cutlery. The company may indeed lose share during the forecast period, as it will face stronger competition from the leading brands such as Moulinex and Philips in small appliances. These brands benefit from a stronger reputation for quality and durability and are also widening distribution via hypermarkets and increasing their use of price promotions.

Euromonitor International Local Company Profiles are a concise set of briefings detailing the strategic direction taken by a company. Discover key contact details, the company background and their competitive positioning through this collection of snapshot company profiles.
