Abstracts

Laundry care reached stagnation in terms of demand in 2019, despite the positive performance of the largest category in retail volume terms, concentrated liquid detergents. Further development within the concentrated format will continue to drive improved growth over the forecast period as auto dosing begins to emerge in smart automatic washing machines, which calibrates the wash load and releases the correct dosage of detergent correlating to the weight. However, while advanced technology such...

Euromonitor International's Laundry Care in France market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, packaging innovations, economic/lifestyle influences, distribution or pricing issues. Forecasts to 2024 illustrate how the market is set to change.

Product coverage: Home Care.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?

Get a detailed picture of the Laundry Care market;

Pinpoint growth sectors and identify factors driving change;

Understand the competitive environment, the market's major players and
