Abstracts

Laundry care experienced a gradual maturing in demand terms, which combined with a decline in the local population, resulted in another year of waning volume sales for the category in Spain. Consumers are continuing to move away from traditional powder detergents and towards concentrated liquid detergents, with the latter benefitting from increasing premiumisation as producers continued to focus on developing more advanced offers that incorporate other aspects of laundry care such as softeners,...

Euromonitor International's Laundry Care in Spain market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth.
