Abstracts

Retail current value sales of laundry care continued to increase in 2023, supported by inflationary pressure, as retail volume sales continued to drop. Overall, increases in the cost of raw materials, shipping costs, labour wages and energy have led to substantial price increases in home care, including laundry care. The rise in retail prices and higher cost of living led to changes in consumer behaviour, with more households opting for private label instead of branded laundry care products, sho...

Euromonitor International's Laundry Care in Denmark market report offers a comprehensive guide to the size and shape of the market at a national level.
