Abstracts

Skin health positioning in fragrances is an under-penetrated space. Trending claims address skin sensitivity, but consumers are likely to demand more substantiated, specific claims. Skin health claims are significant drivers of the fragrance consumer journey in Western Europe and Southeast Asia, while consumers in North America and the Middle East and Africa are also receptive. Emerging formats make up a small piece of the market, but are well-poised to grow as players look to expand product var...

Euromonitor International's Leading Fragrance Claims: Charting the Trendsetters in Skinification global briefing offers an insight into to the size and shape of the Beauty and Personal Care market and highlights buzz topics, emerging geographies, categories and trends as well as pressing industry issues and white spaces. It identifies the leading companies and brands, offers strategic analysis of key factors influencing the market - be they new product developments, packaging innovations, economic/lifestyle influences, distribution or pricing issues. Forecasts illustrate how the market is set to change and criteria for success. The report also explores developments in the premium vs mass/masstige segments, and the evolution of novel beauty concepts.
