Abstracts

Rising operating expenses, such as wages, energy, delivery, insurance and rent, partnered with lower consumer demand to reduce restaurants' profitability in 2023. In addition, restaurants have increased levels of debt to continue operating, which, combined with the increase in interest rates, led to a high number of restaurants declaring bankruptcy in the first half of 2023.

Euromonitor International's Limited-Service Restaurants in Canada report offers a comprehensive guide to the size and shape of the market at a national level. It provides foodservice sales, the number of outlets and the number of transactions by sector, allowing you to identify the foodservice sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they eating habits, lifestyle changes, tourism spending or legislative issues. Forecasts to 2028 illustrate how the market is set to change.

Product coverage: Chained Limited-Service Restaurants, Independent Limited-Service Restaurants, Limited-Service Restaurants by Type.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
