## Abstracts

Limited-service restaurants experienced growth across all metrics in 2023, although huge current value increases were exaggerated by very high inflation. Nonetheless, the category secured competitive advantages over other consumer foodservice types, primarily due to covering a variety of food options with more accessible price points. Therefore, limited-service restaurants catered to a range of orders from small individual ones to large ones for social gatherings. Key metrics like number of outl...

Euromonitor International's Limited-Service Restaurants in Turkey report offers a comprehensive guide to the size and shape of the market at a national level.
