## Abstracts

During the pandemic, international tourism faced significant limitations, prompting lodging establishments to recalibrate their approaches to attract domestic tourists by substantially lowering average rates. However, as the review period unfolded, international tourism gradually rebounded, particularly fuelled by visitors from the United States, who typically boast higher spending capacities than regional tourists.

Euromonitor International's Lodging (Destination) in Ecuador report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest market size data 2018-2022, allowing you to identify the sectors driving growth. It identifies the leading companies and offers strategic analysis of key factors influencing the market - be they new legislative, technology or pricing issues. Background information on disposable income, annual leave and holiday taking habits is also included. Forecasts to 2027 illustrate how the market is set to change.

Product coverage: Hotels, Lodging (Destination) Offline, Lodging (Destination) Online, Other Lodging, Short-Term Rentals.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
