Abstracts

Lodging fared better in 2022 than had been expected and continues to perform well in 2023. 2020 and 2021 were a disaster for the hotel industry, with occupancy rates of 38% and 48% respectively, according to INSEE – French official statistics. The improvement started in the middle of 2022 with the year ending with an occupancy rate of 60%, barely more than a couple of percentage points below the annual scores from 2017 to 2019. This correlated with the number of room nights that was already not...
