## Abstracts

Following a record year in terms of domestic visitors in 2021, lodging has continued to see growth driven by domestic overnight stays in 2022. The ski season went extremely well, with nice weather and fully booked hotels. Players pushed for longer stays, offering more flexible solutions so that parents could take advantage of the continued prevalence of working from home to use hotel facilities for work, for example.

Euromonitor International's Lodging (Destination) in Switzerland report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest market size data 2017-2021, allowing you to identify the sectors driving growth. It identifies the leading companies and offers strategic analysis of key factors influencing the market - be they new legislative, technology or pricing issues. Background information on disposable income, annual leave and holiday taking habits is also included. Forecasts to 2026 illustrate how the market is set to change.

**Product coverage:** Hotels, Lodging (Destination) Offline, Lodging (Destination) Online, Other Lodging, Short-Term Rentals.

**Data coverage:** market sizes (historic and forecasts), company shares, brand shares and distribution data.
