## Abstracts

With over 13 million inhabitants in 2012, Los Angeles is the second city in importance in the US. The city concentrates television and film production, and is often referred to as the world's entertainment capital. Besides high-value-added jobs in creative industries, well-developed transport infrastructure contributes to the efficiency of the city's economy. Commerce activities are the defining characteristic of Los Angeles's economy, accounting for the most employment in the city and contribut...
