Abstracts

Higher import duties on cigars in South Africa continued to discourage volume sales of cigars during 2013. Tobacco retailers continued to express concern over the high import tariffs on cigars which made it extremely difficult for them to compete with unofficial imports of the same cigars. Cigars are generally smoked in South Africa by consumers often wishing to uplift their social status rather than satisfy their cravings for smoking.

Euromonitor International's Luxury Cigars in South Africa report offers a comprehensive guide to the size and shape of the Luxury Cigars market at a national level. It provides the latest retail sales data, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market and their effects on Luxury Cigars retailing along with the development of consumers' shopping patterns. Forecasts to 2018 illustrate how the market is set to change

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
