Abstracts

Luxury eyewear in the Netherlands has shown a much improved performance in 2021, with total volume and current value sales rebounding after having declined sharply in 2020. Growth has been underpinned by economic recovery and increased confidence among consumers as life in the country has begun to return to normal with the rollout of COVID-19 vaccines and the easing of public health restrictions. Together with prolonged spells of good summer weather, more favourable economic conditions have had...
